KOH-I-NOOR

TOISON D'OR®
EXTRA SOFT
PASTEL STICKS

Shape: Round

Core: Micro-pulverized Pigmented Pastel

Toison D'or extra soft pastels are made from premium pigments and minimal binders for an intensely colored stick. They are slightly less fragile than other artist quality pastels, and hold up well to full coverage applications. Their smooth, velvety laydown makes them well suited to blending and layering -- ideal for pastel paintings. Each stick is wrapped in paper and cushioned in a foam insert. A final fixative is highly recommended to prevent the spread pigment particles upon completion.

Printed swatches may vary by monitor and printer, and may not be a true representation of the actual color.
